

COBALT BOATS

RC

Sleek, sporty and luxurious.

You really can have it all.

The all new R6 represents the next generation of R-Series boats from Cobalt. The perfect combination of excitement and elegance.

The Cobalt R-Series has always pushed boating forward in unexpected ways, ranging from a comfortable, efficient and stylish interior layout to sleek exterior lines. The 25' 9" R6 sports many new and exclusive features including increased storage for water sports gear, larger Cobalt Glass Cockpit touchscreens, a transom-mounted camera, and a built-in security locator function.

With an interior beam measuring wider than most competitive runabouts, the R6 offers a roomy, expansive interior. Add the wrap-around yacht style seating, and there's plenty of room for passengers and their things. Plus, the double-stitched upholstery now offers new cool-to-touch Fresco Chill vinyl on the darker colors, that provide surface temperature reductions of up to 20° on sunny days.

As with all Cobalts, the swim platform is the back patio for social get-togethers. And the patented swim step makes it all so practical.

The dash-mounted phone cradle with wireless charging is a nice touch, as is the enhanced audio system with the well-placed standard six speaker configuration, but steps up a couple of notches with the Premium or Platinum options with dedicated tweeters, sub-woofers and mid-ranges for unrivaled sound.

These features, and many more, like several foldable tower options, an innovative new high-dock safety step, and a self-bailing cockpit make the new R6 truly the next generation bowrider!
